Cannak

The logo for b.one, featuring a white lowercase 'b' inside a white circle, followed by the text '.one' in a white sans-serif font.

Straight and curved modules, together with poufs, can be freely combined to create fluid, convivial configurations, adapting to a wide range of design requirements and uses. The fabric upholstery, available in a broad colour palette, fully envelops each module, defining soft, continuous volumes for a natural dialogue with the surrounding environment.

Comfort And Order

Modular composition

A large curved composition of Connak introduces soft, dynamic shapes into the space, breaking the linearity of the environment and transforming the waiting area into an eased and connected sharing space.

Spatial harmony

A complete sofa setting should feel intentional from every angle. Light fabrics create ease, deep colours structure.

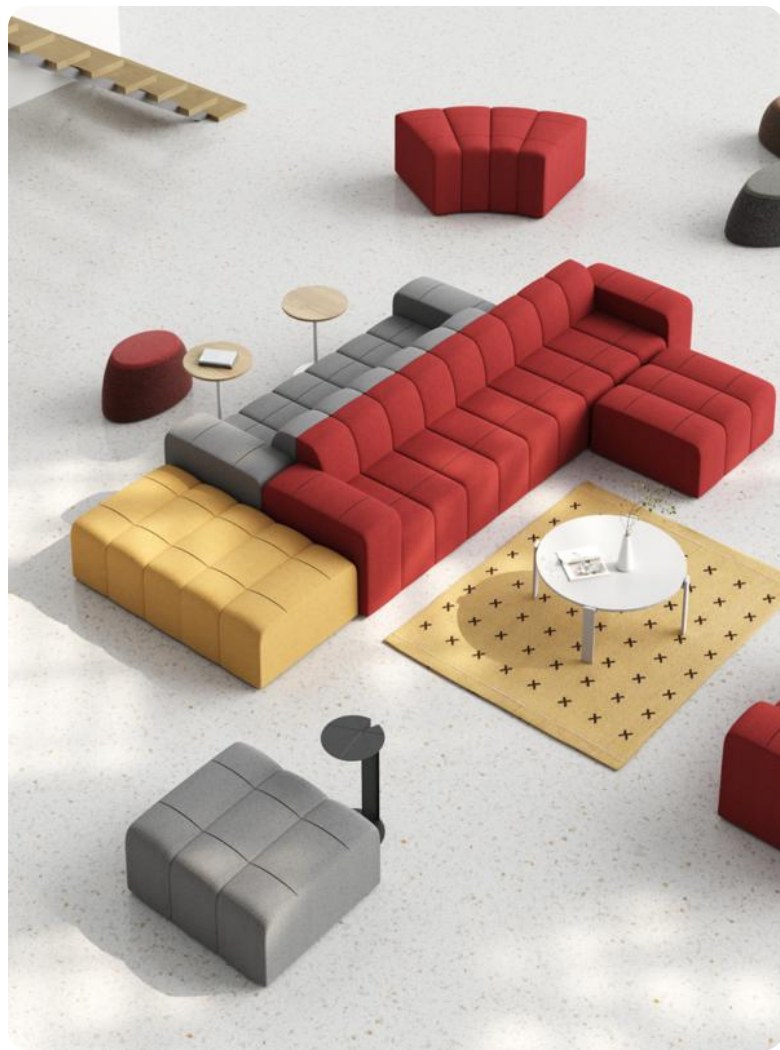

Modules and accessories

Connak

The composition begins with the sofa modules: straight seats, curved elements, ottomans and occasional tables.

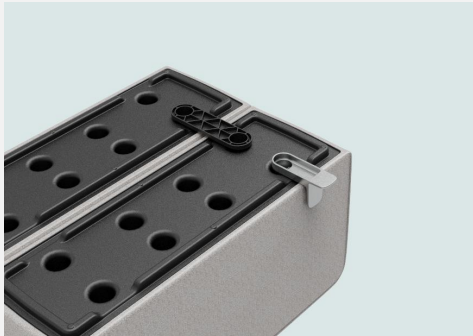

Connak With connectable modules, soft backrests and a considered palette, Connak supports waiting, gathering and informal exchange.

Linking Clip

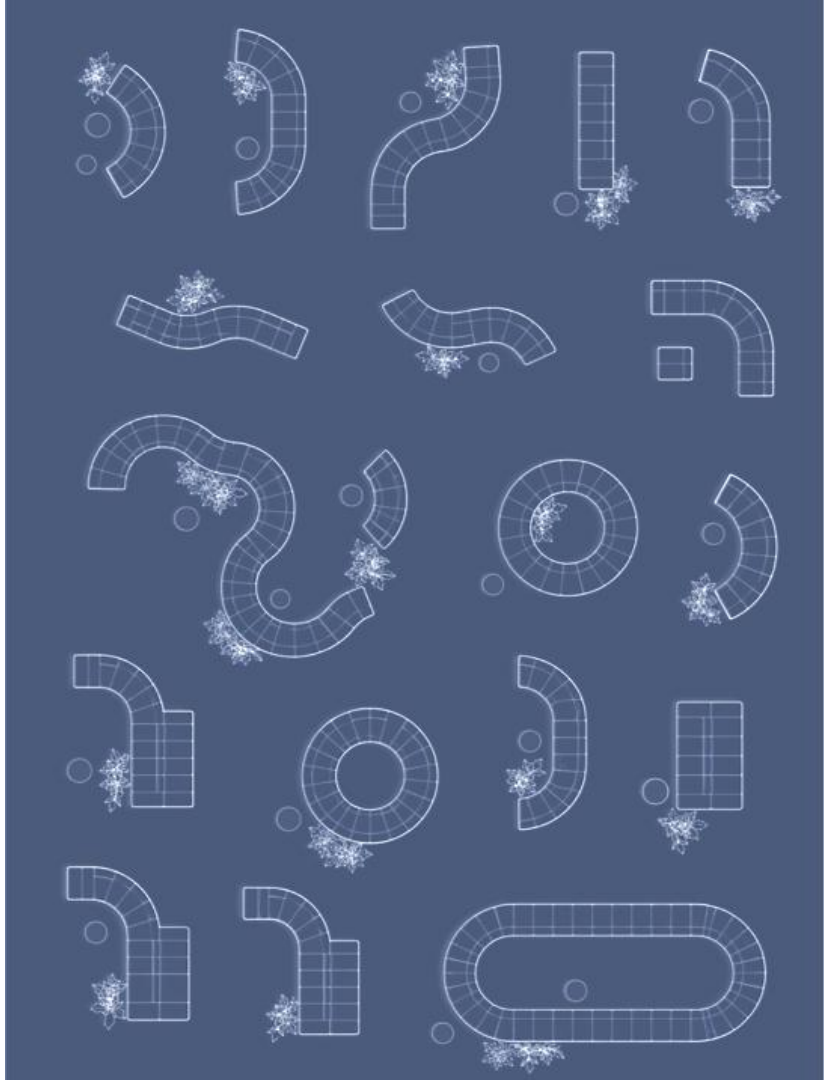

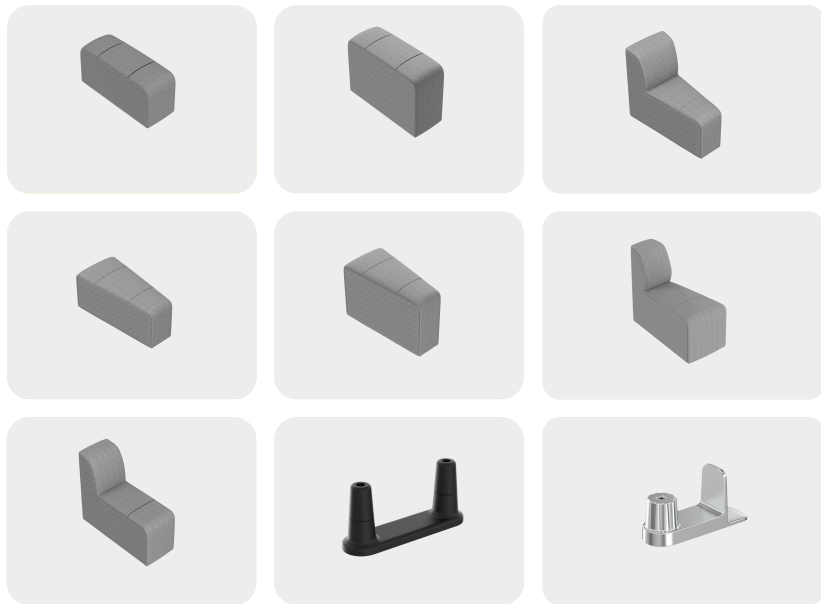

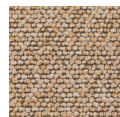

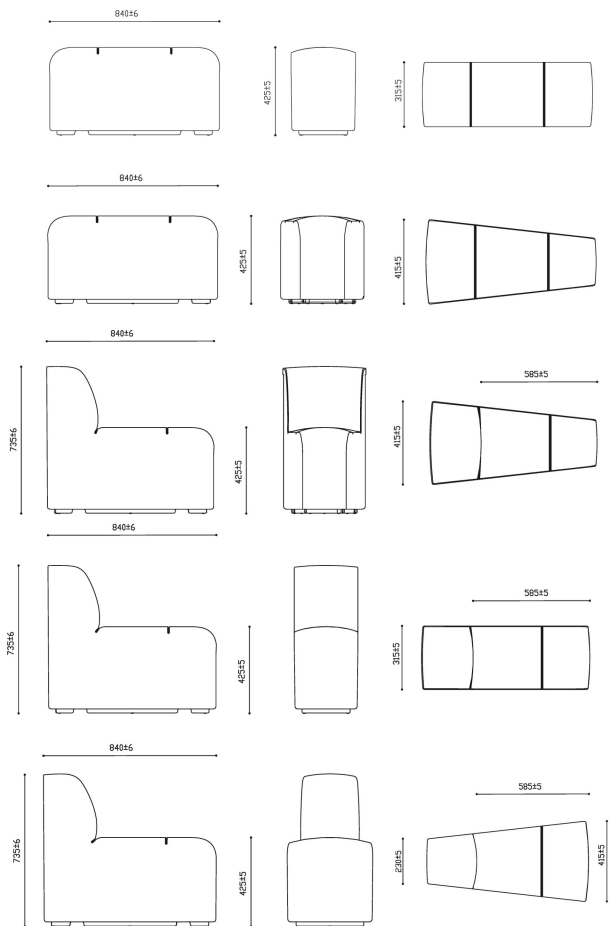

Hidden connectors ensure firm integration between modules while maintaining visual purity and neatness. Whether featuring fluid curves or crisp straight-line combinations, each piece connects tightly to form a stable, unified whole. Meanwhile, the design allows for easy disassembly, enabling flexible layout adjustments.

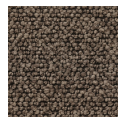

Flexible Arrangement

From a single seat to a continuous curved composition, the product adapts to lobbies, lounges and informal meeting zones.
